

# YouTube Trending

Exploring what is trending on YouTube.

## About the Project

YouTube Trending is created by: CHEN, Chen; HONG, Seoyoung; LAU, Kwan Yuen; TANG, Huimin.

## Sources

The dataset that drives this application is retrieved from the following sources:

- [Trending YouTube Video Statistics](#): Daily statistics for trending YouTube videos.

## Technology

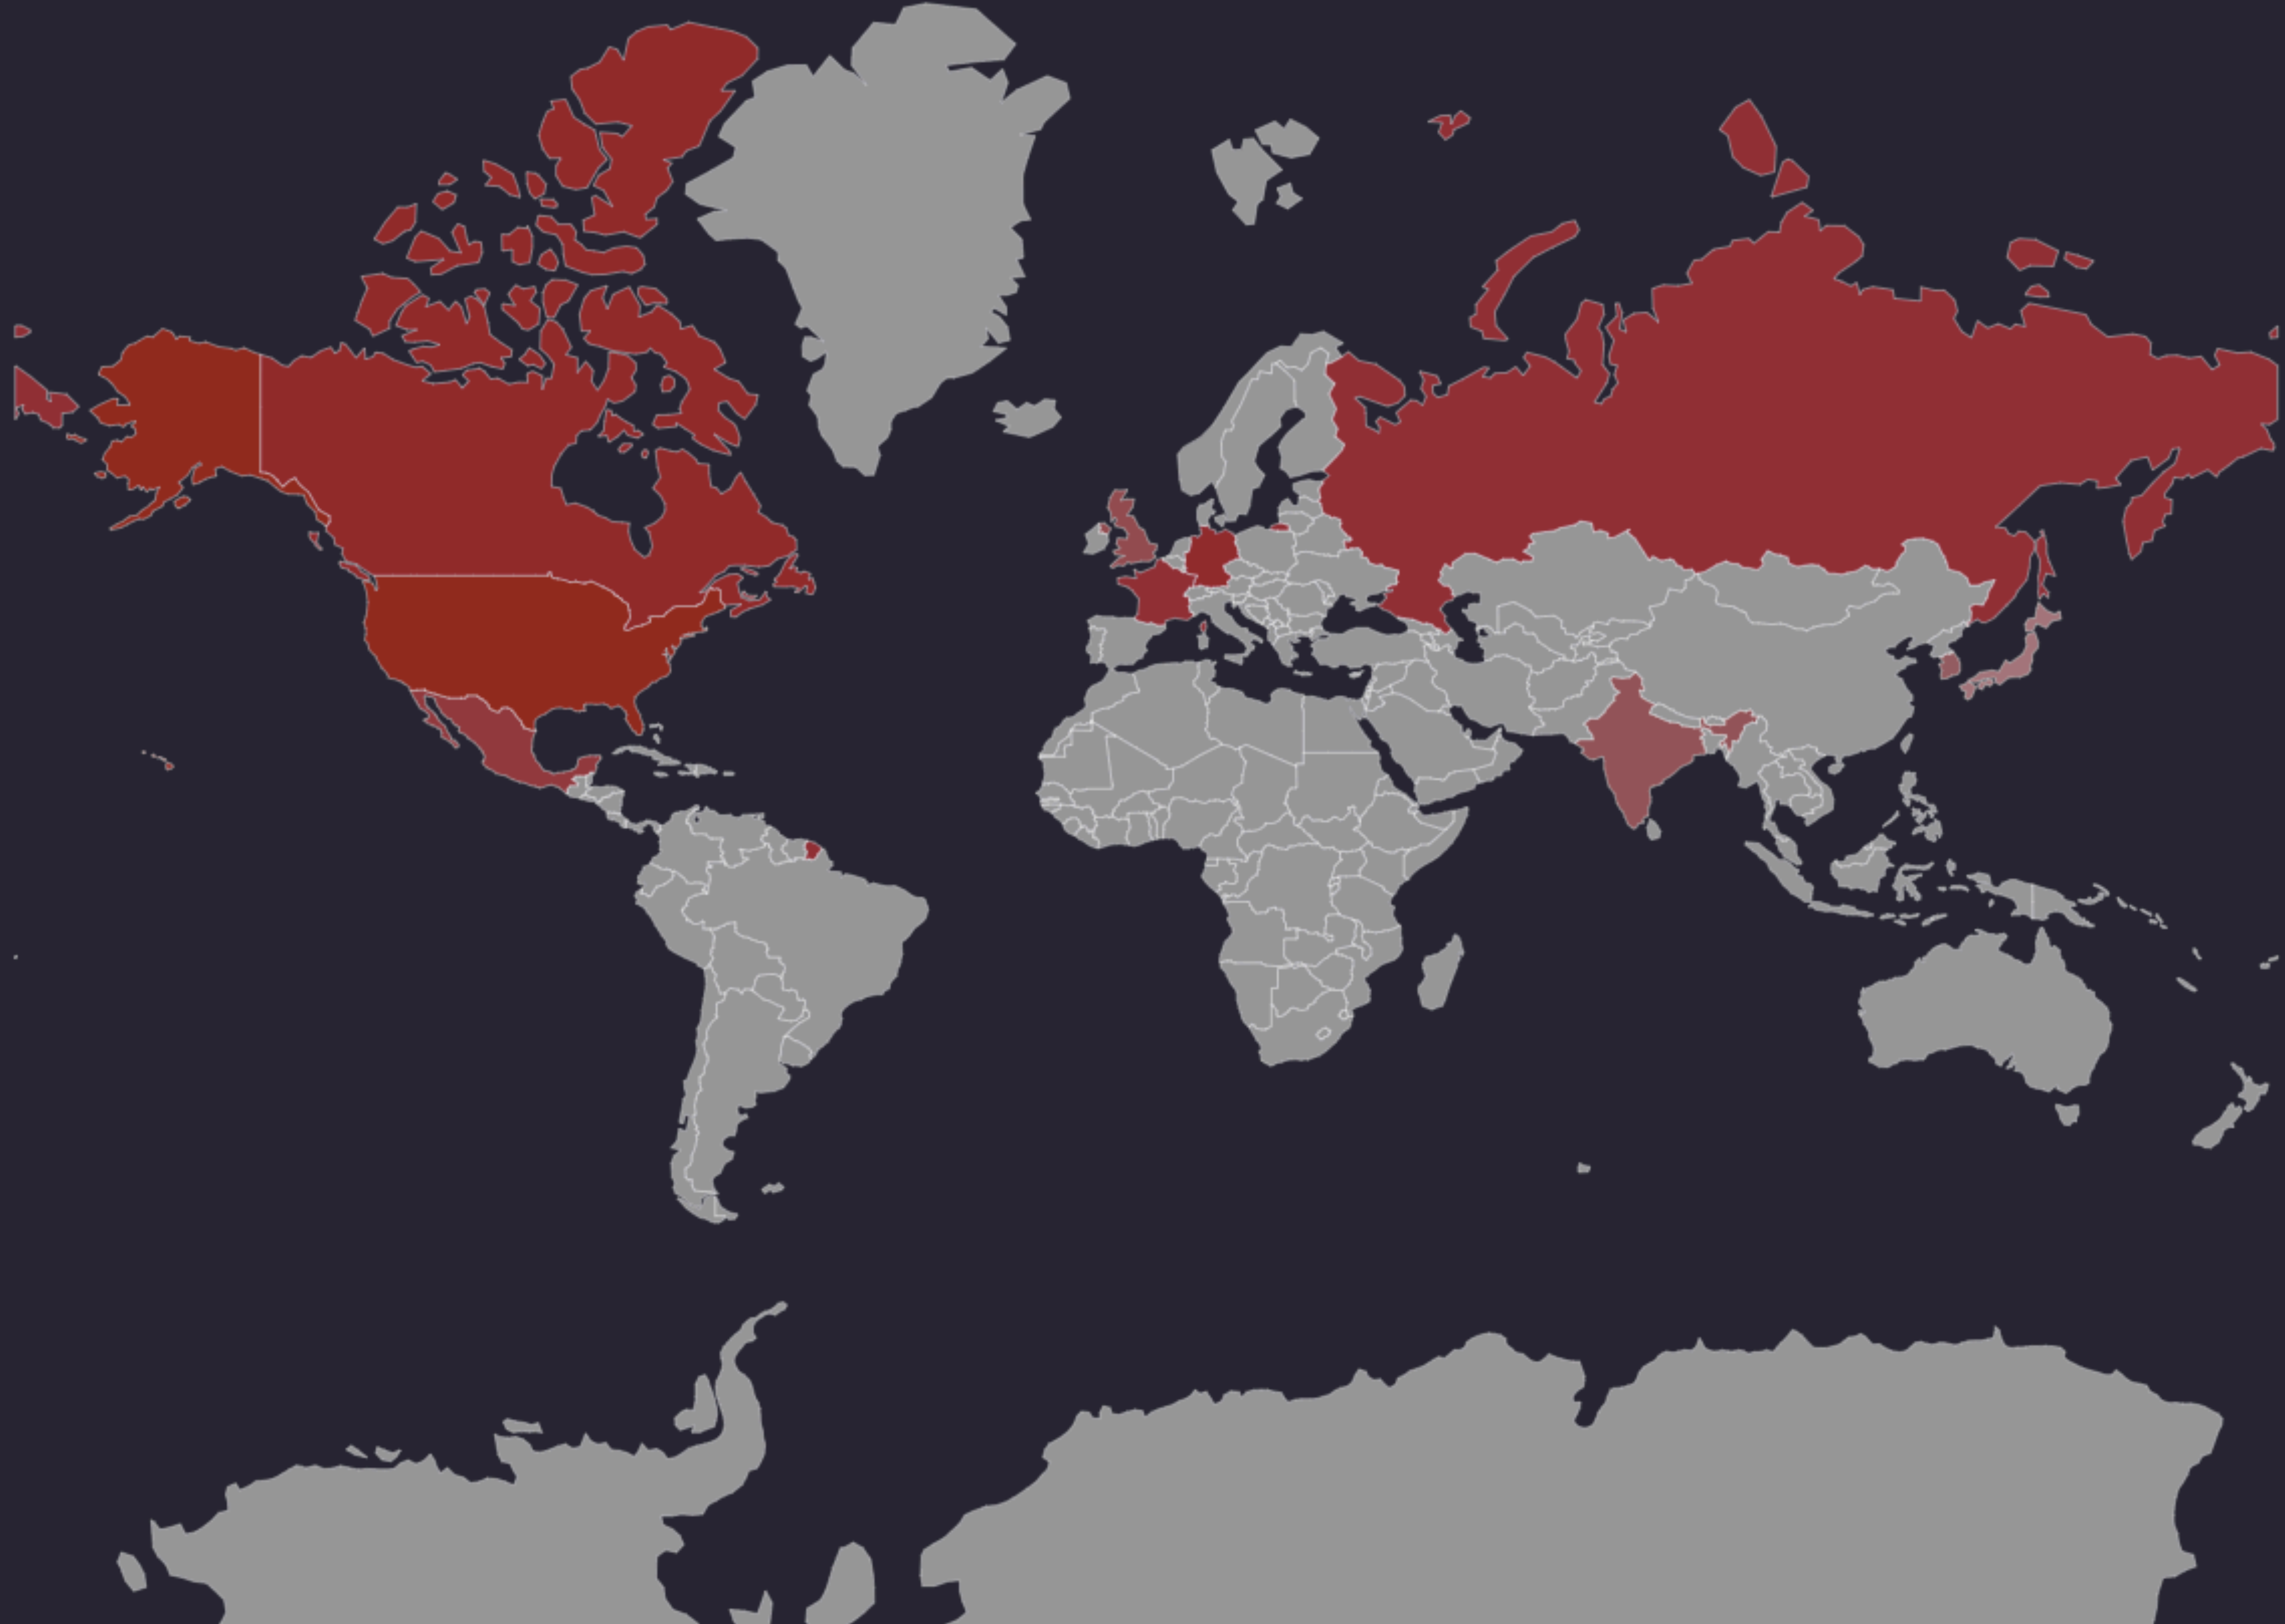

The visualization is hand crafted with standard web technologies HTML, CSS, JavaScript using open source software including D3, React, Webpack among others.

## Credits

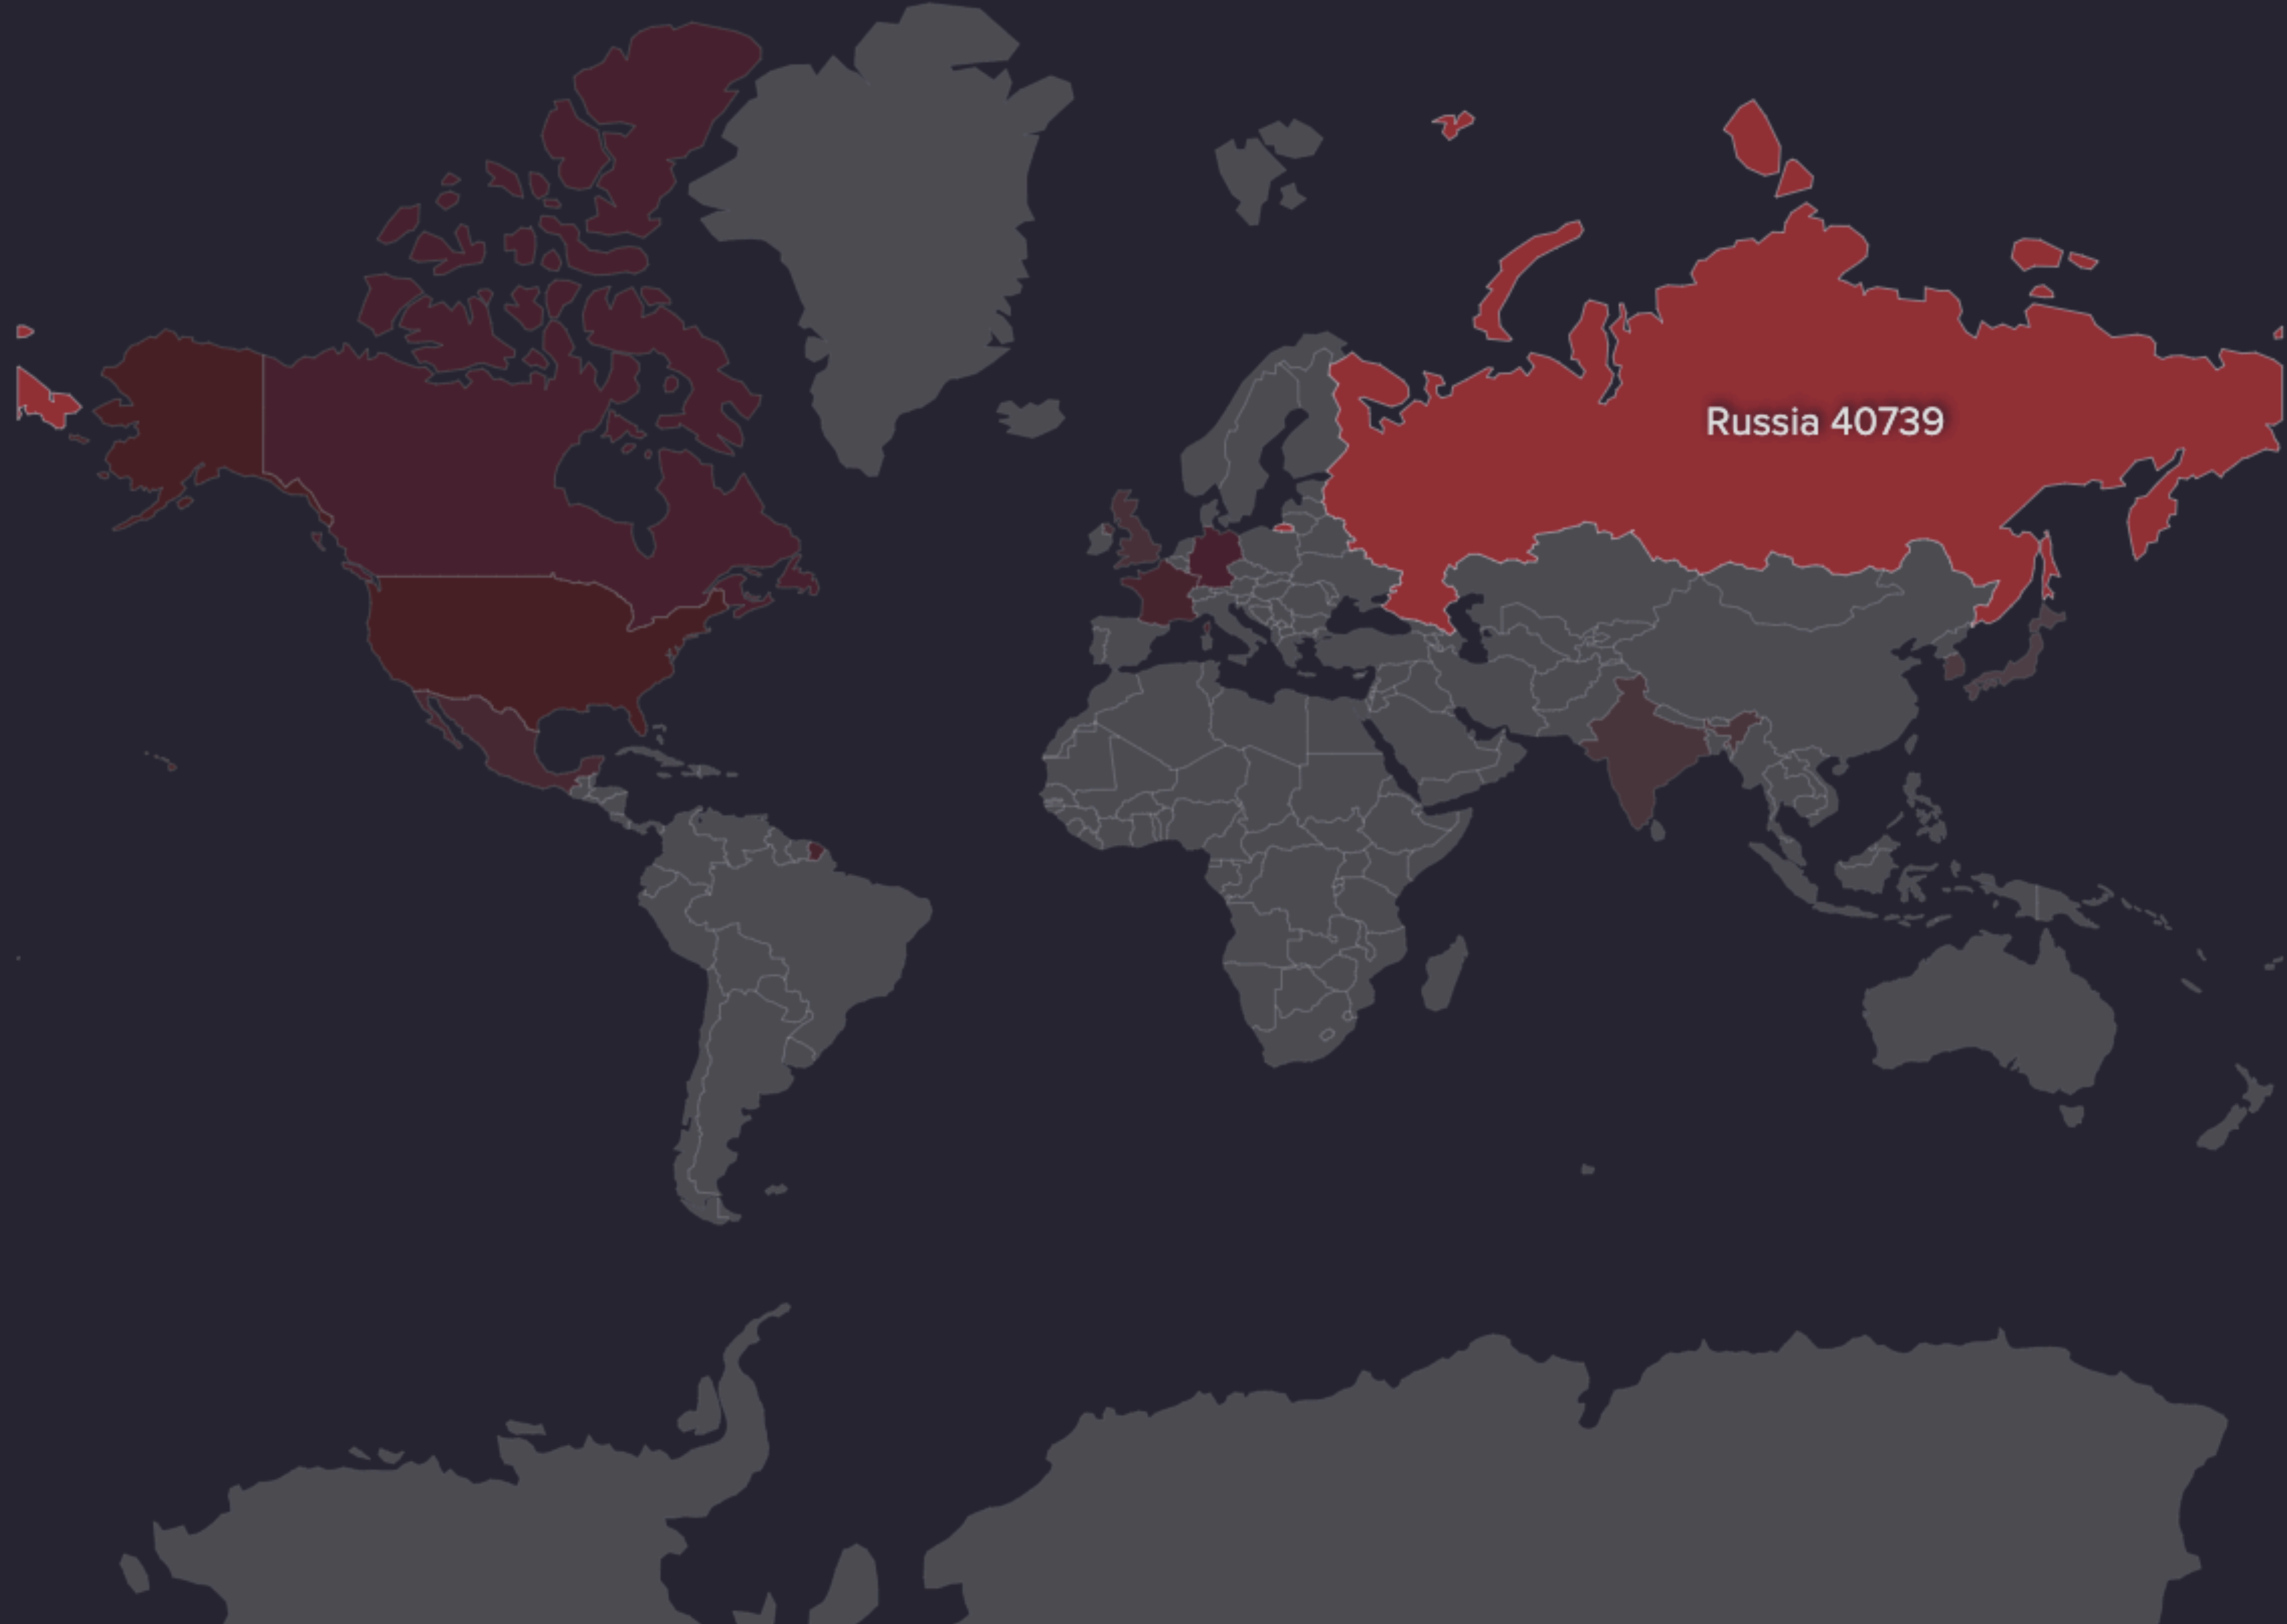

YouTube Trending is adapted from a visualization created by [Interactive Things](#).
